

PORTFOLIO

-Cassim M'balaka-

2023-2024

I am a 25 year old graphic designer from Blantyre, Malawi. Over my career, I have worked on a diverse range of projects, including Company Profiles, flyers, logos, business cards, Bronchures and social media graphics.

These experiences have not only honed my teamwork and communication skills but also enhanced my organizational abilities and self-motivation through self-initiated projects. Working on various projects has given me a deeper understanding of the essential aspects of the graphic design field.

I possess in depth knowledge in areas such as branding, typography, layout adjustments, and digital design. My recent work with BM Holdings Ltd, Inde Woman Organization, Arena Electronics, and MediCraft Malawi has further refined my skills and broadened my expertise in managing social media platforms and creating compelling content.

I have undergone extensive training in software like Photoshop, Illustrator, Canva, and CorelDRAW, as well as proficiency in MS Office tools, which has significantly improved my technical and software skills. My recent role at Kulinji Enterprises demonstrated my ability to drive audience and customer base growth through effective social media strategies.

I am an adaptive designer who quickly integrates new technologies and continuously seeks to enhance my skills. My passion for creativity and innovation drives me to stay updated with industry trends and deliver high-quality work.
